BUSINESS BAY, DUBAI

Marasi Residences

Waterfront studio & one-bedroom residences

STARTING FROM

AED 650,000

approx. USD 177,000 / EUR 150,000

A canal-side address at the centre of the new Dubai.

Positioned along the Dubai Water Canal in the heart of Business Bay, these studio and one-bedroom residences are built for the investor who wants a genuinely liquid asset. Floor-to-ceiling glazing frames the waterway and the Downtown skyline beyond, while the tower places tenants a five-minute drive from DIFC and a short walk from the Bay Avenue promenade.

Compact, efficiently planned and priced at the most rentable point in the Dubai market, this is the entry tier that consistently sees the strongest occupancy and the fastest resale.

RESIDENCE FEATURES

- ◆ Direct Dubai Water Canal frontage
- ◆ Infinity pool & sky lounge on level 32
- ◆ Fully-fitted designer kitchens
- ◆ Smart-home climate & lighting
- ◆ 24h concierge and valet
- ◆ 5 minutes to DIFC

LOCATION

THE INVESTMENT CASE

The lowest entry point in this shortlist, in the district with Dubai's deepest tenant pool. Short-let permitted, making it equally suited to serviced-apartment operators and long-term hold.

DOWNTOWN DUBAI

The Opus Collection

Two-bedroom residences, Downtown Dubai

STARTING FROM

AED 1,400,000

approx. USD 380,000 / EUR 330,000

Burj views, on a payment plan that works.

Two-bedroom residences a few streets from the Burj Khalifa and the Dubai Mall, laid out with the generous proportions the Downtown market has quietly stopped building. Each unit takes a corner aspect, with a wraparound terrace and a separated service kitchen behind the main entertaining space.

Downtown remains the single most searched district in Dubai for both tenants and end-users, and a 2026 handover means income can begin while much of the surrounding pipeline is still under construction.

RESIDENCE FEATURES

- ◆ Burj Khalifa and Fountain outlooks
- ◆ Two secure parking bays
- ◆ Wraparound private terrace
- ◆ Residents' gym, spa & pool deck
- ◆ Separate service kitchen
- ◆ Walkable to Dubai Mall

AT A GLANCE

INDICATIVE FLOOR PLAN

LOCATION

THE INVESTMENT CASE

The shortlist's most versatile asset: strong enough as a family home to hold end-user value, and central enough to let quickly if the plan changes. Earliest handover of the three.

DUBAI HILLS CORRIDOR, DUBAI

Sidra Gardens

Family townhouses near Dubai Hills

STARTING FROM

AED 2,100,000

approx. USD 570,000 / EUR 490,000

The address families move to and stay in.

A gated townhouse community built around a central park, within the school catchment that drives most of Dubai's family relocation demand. Homes are arranged over two floors with a private rear garden, a covered terrace and a dedicated maid's room off the utility corridor.

This is the part of the market that behaves least like a speculative asset and most like a home: occupancy stays high, tenants renew, and resale is driven by families rather than investors.

RESIDENCE FEATURES

- ◆ Private landscaped rear garden
- ◆ Two covered parking bays
- ◆ Maid's room with en-suite
- ◆ Community park & pool
- ◆ Nursery and schools within the master plan
- ◆ Cycle route to Dubai Hills Mall

AT A GLANCE

TYPE	Townhouse
BEDROOMS	2 & 3 Bedrooms
BUILT-UP AREA	1,950 – 2,400 sq ft
HANDOVER	Q4 2026
PROJECTED YIELD	5 – 7%
PAYMENT	80 / 20 payment plan

THE INVESTMENT CASE

Lower headline yield than the apartments, but materially lower churn — the family segment renews rather than rotates, which protects net income across the hold.
