DUBAI HILLS CORRIDOR, DUBAI

Sidra Gardens

Family townhouses near Dubai Hills

STARTING FROM

AED 2,100,000

approx. USD 570,000 / EUR 490,000

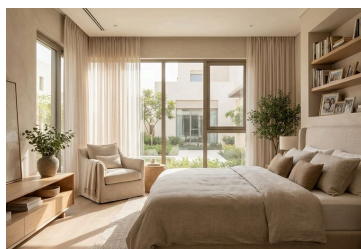

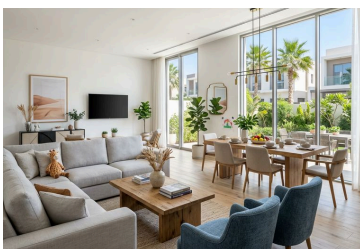

The address families move to and stay in.

A gated townhouse community built around a central park, within the school catchment that drives most of Dubai's family relocation demand. Homes are arranged over two floors with a private rear garden, a covered terrace and a dedicated maid's room off the utility corridor.

This is the part of the market that behaves least like a speculative asset and most like a home: occupancy stays high, tenants renew, and resale is driven by families rather than investors.
