7-Bed Corner Villa, Venice

READY

Prepared by **Aegean John Clarke**

BARNES International Realty presents Venice at DAMAC Lagoons — a lagoon facing 7-bedroom villa, offering ultra-luxury, privacy, and striking architectural presence.

Lagoon-front with park views, this villa offers privacy, dual show kitchens, spacious lounges, a private elevator, rooftop terraces, a gym, a steam room, a sauna, a cinema, and gondola-style waterfront living.

The private basement accommodates up to nine vehicles — ideal for collectors and high-profile owners. Each en-suite bedroom is crafted for privacy and comfort, while the open-plan entertaining spaces create a seamless indoor-outdoor flow.

One of only 421 standalone villas in Venice, this home represents prime waterfront real estate — ideal for end-use or long-term capital appreciation — a rare opportunity in one of Dubai’s most lifestyle-driven master communities.
