Dubai · Prepared 21 September 2026

Rivet Quarter

Business Bay, Dubai · From AED 890,000

Alcove Residences

Creek-side district, Dubai · From AED 1,450,000

Marlowe House

Uptown Dubai (DMCC) · From AED 2,950,000

ASSEMBLED FROM WHAT YOU TOLD US, IN THIS CHAT

BUSINESS BAY, DUBAI

Rivet Quarter

Studio & one-bedroom residences, Business Bay

STARTING FROM

AED 890,000

approx. USD 242,000 / EUR 224,000

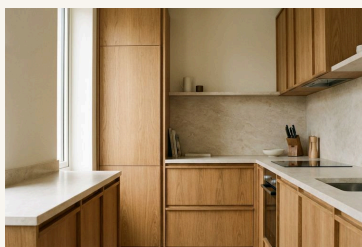

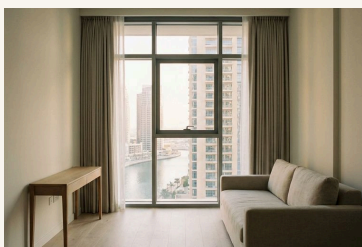

A canal-side address at the entry point of the Dubai market.

Set along the Dubai Water Canal in the heart of Business Bay, these studio and one-bedroom residences are built for the buyer who wants a genuinely liquid asset rather than a trophy. Floor-to-ceiling glazing frames the waterway and the Downtown skyline beyond, and the tower puts a tenant five minutes from DIFC and a short walk from the Bay Avenue promenade.

Compact, efficiently planned and priced at the most rentable point in the market, this is the tier that consistently sees the strongest occupancy and the fastest resale.

RESIDENCE FEATURES

- Direct Dubai Water Canal frontage
- Infinity pool and sky lounge
- Fully-fitted designer kitchens
- Smart climate and lighting control
- 24-hour concierge and valet
- Five minutes to DIFC

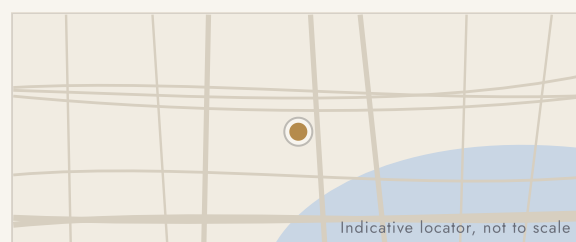

AT A GLANCE

TYPE	Apartment
BEDROOMS	Studio & 1 Bedroom
BUILT-UP AREA	448 – 812 sq ft
HANDOVER	Q2 2027
PROJECTED YIELD	7 – 9%
PAYMENT	60 / 40 payment plan

INDICATIVE FLOOR PLAN

LOCATION

Indicative locator, not to scale

THE INVESTMENT CASE

The lowest entry point on this shortlist, in the district with the deepest tenant pool in Dubai. Short-let is permitted, which makes it equally suited to a serviced-apartment operator and a long-term hold.

CREEK-SIDE DISTRICT, DUBAI

Alcove Residences

One & two-bedroom residences, Creek-side

STARTING FROM

AED 1,450,000

approx. USD 395,000 / EUR 365,000

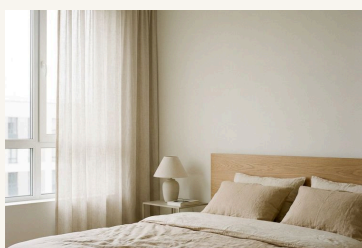

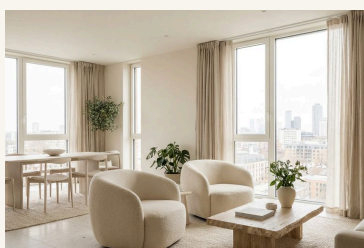

The mid-market apartment that behaves like a family home.

One and two-bedroom residences in a low-rise cluster set back from the water, planned with the wider hallways and real storage that most towers in this price band quietly leave out. Every unit takes a dual aspect, and the two-bedroom layouts separate the second bedroom from the main suite across the living space rather than stacking them side by side.

The Creek-side corridor has absorbed new supply faster than any other emerging district over the last three cycles, driven by tenants priced out of Downtown who are not willing to move further from the centre.

RESIDENCE FEATURES

- Dual-aspect layouts throughout
- Separated second bedroom
- Full-height glazing to the living space
- Landscaped podium deck and lap pool
- Covered parking to every unit
- Metro and marina both walkable

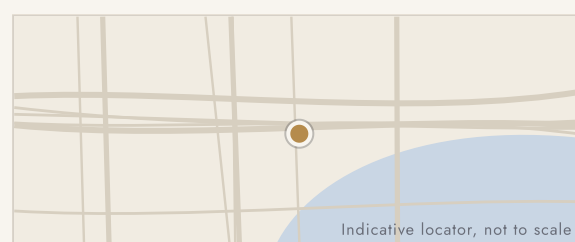

AT A GLANCE

TYPE	Apartment
BEDROOMS	1 & 2 Bedrooms
BUILT-UP AREA	790 – 1,240 sq ft
HANDOVER	Q1 2027
PROJECTED YIELD	6.5 – 8.5%
PAYMENT	70 / 30 payment plan

INDICATIVE FLOOR PLAN

LOCATION

THE INVESTMENT CASE

The most balanced asset on this shortlist. Yield holds close to the entry tier while the two-bedroom layouts keep it lettable to families, which is what protects occupancy when studio supply spikes.

UPTOWN DUBAI (DMCC)

Marlowe House

Two-bedroom residences, Uptown Dubai

STARTING FROM

AED 2,950,000

approx. USD 803,000 / EUR 742,000

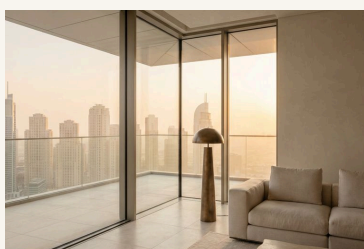

Skyline-facing two-beds, at the scale the market stopped building.

Two-bedroom residences in the Uptown Dubai district, each taking a corner aspect with a wraparound terrace and a separated service kitchen behind the main entertaining space. Ceilings run to three metres and the glazing is floor-to-ceiling on two elevations, so the Burj Khalifa and the skyline behind it read from the living space rather than from one window.

Uptown sits on the DMCC side of the city, which means an occupier is inside the free-zone employment cluster rather than commuting into it — the single strongest driver of renewal rates in this bracket.

RESIDENCE FEATURES

- Panoramic Burj Khalifa and skyline outlook
- Wraparound private terrace
- Separate service kitchen
- Three-metre ceilings
- Two secure parking bays
- Residents' gym, spa and pool deck

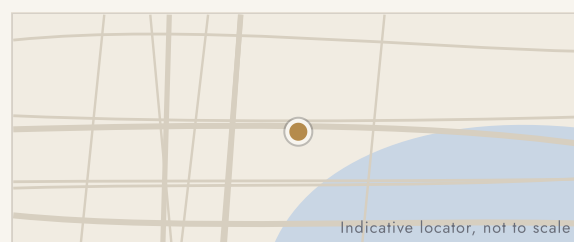

AT A GLANCE

TYPE	Apartment
BEDROOMS	2 Bedrooms
BUILT-UP AREA	1,540 – 1,680 sq ft
HANDOVER	Q3 2027
PROJECTED YIELD	6 – 8%
PAYMENT	70 / 30 payment plan

INDICATIVE FLOOR PLAN

LOCATION

THE INVESTMENT CASE

The premium apartment play here. Larger than almost anything new at this price, which is what gives it end-user resale strength on top of the rental case.

WHY DUBAI

What makes the numbers work

4–9%

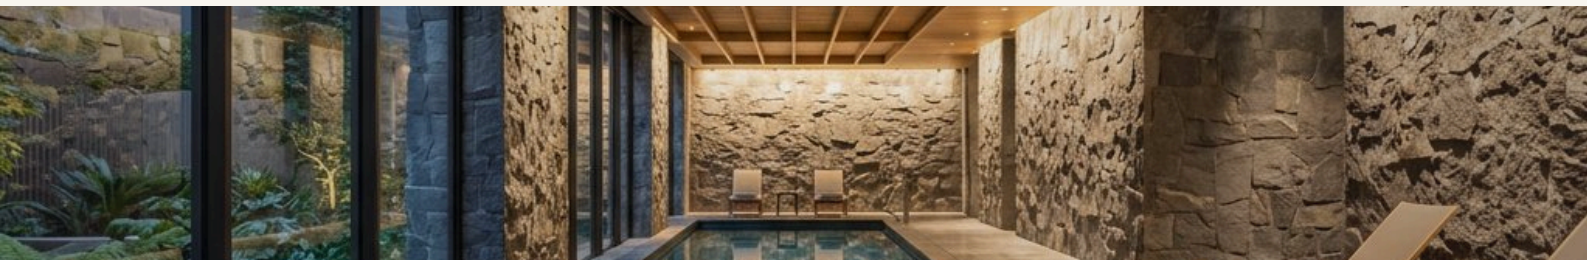

Gross rental yields across the residences in this shortlist

0%

Personal income tax, capital gains tax and annual property tax

10 years

Renewable residency available to property investors from AED 2M

HOW THIS SHORTLIST WAS BUILT

Your budget, not a mailing list

The range you tapped decides what appears here, and every residence was checked against it before it reached this page.

Budget as a range, not a ceiling

One option usually sits above where you said, on purpose. It is worth seeing what the next tier buys before you rule it out.

Illustrative, and clearly so

These are composite examples of what is available at each level, not live units. Nothing here is a listing you can reserve today.

WHAT HAPPENS NEXT

01

Pick one

Tell us which residence you want to look at properly.

02

Book a viewing

Tap Book a viewing in the same chat. The slot is confirmed there.

03
