BUSINESS BAY, DUBAI

Rivet Quarter

Studio & one-bedroom residences, Business Bay

STARTING FROM

AED 890,000

approx. USD 242,000 / EUR 224,000

A canal-side address at the entry point of the Dubai market.

Set along the Dubai Water Canal in the heart of Business Bay, these studio and one-bedroom residences are built for the buyer who wants a genuinely liquid asset rather than a trophy. Floor-to-ceiling glazing frames the waterway and the Downtown skyline beyond, and the tower puts a tenant five minutes from DIFC and a short walk from the Bay Avenue promenade.

Compact, efficiently planned and priced at the most rentable point in the market, this is the tier that consistently sees the strongest occupancy and the fastest resale.

RESIDENCE FEATURES

- Direct Dubai Water Canal frontage
- Infinity pool and sky lounge
- Fully-fitted designer kitchens
- Smart climate and lighting control
- 24-hour concierge and valet
- Five minutes to DIFC

LOCATION

THE INVESTMENT CASE

The lowest entry point on this shortlist, in the district with the deepest tenant pool in Dubai. Short-let is permitted, which makes it equally suited to a serviced-apartment operator and a long-term hold.

WHY DUBAI

What makes the numbers work

4–9%

Gross rental yields across the residences in this shortlist

0%

Personal income tax, capital gains tax and annual property tax

10 years

Renewable residency available to property investors from AED 2M

HOW THIS PREVIEW WAS BUILT

Your brief, not a mailing list

Property type, bedrooms, budget and timeframe were read straight from what you sent, and every residence here was scored against all four.

Budget as a range, not a ceiling

One option usually sits above where you said, on purpose. It is worth seeing what the next tier buys before you rule it out.

Illustrative, and clearly so

These are composite examples of what is available at each level, not live units. Nothing here is a listing you can reserve today.
