

Application Development

ILLUSTRATIVE

Profile B · 5+ yrs, senior/lead level

Overview

A senior/lead-level developer profile who can own architecture decisions, not just implement tickets.

Core Skills

- Web/app development (front-end + back-end basics)
- QA & bug-fixing
- System/architecture design input
- Performance & scaling considerations
- API integration
- Git version-control discipline
- Code review & mentoring
- Reliable, full-time availability with consistent working hours
- Comfortable with remote collaboration tools (Slack, Asana, Notion, Zoom)

Experience

Application Development Specialist — Composite illustrative profile

Profile B · 5+ yrs, senior/lead level · Remote, TRS-placed

- Has led the technical approach for mid-size application rebuilds.
- Reviews pull requests from junior developers.
- Makes the call on which parts of a system need refactoring first.

Availability

Full-time, flexible overlap hours available.
