

Ways to pay

Three ways to buy a new car at Wesley Motors. All figures are indicative.

Cash

Pay the manufacturer's list price in full. The simplest route, and the price on the page is the price.

Bank finance

20% deposit and up to 60 instalments at the prevailing rate. Your bank confirms the exact figure and approves the application; the team brings the paperwork to the showroom.

Your car as the deposit

Trade in your current car and put its value toward the deposit. Ask for a range in the chat and the team confirms it after an inspection.
